### MEMBERS OF CONGRESS.

Men Who Were Born in One Section  
and Represent Another at  
Washington.

There are few men in congress  
who are natives of southern  
states, but who have moved north  
and represent northern constitu-  
encies, says the Washington  
Post. There is but one man who  
is a native of a northern state  
who have been elected from the  
south, and in this case he comes  
from a border state. Very many  
men born in eastern states are  
now representing western states.  
This is very natural, as the tide of  
immigration has been from east  
to west, and the west has been  
peopled by the east.

It is a rare thing, however, to  
find a man in congress from the  
east who was born in the west.  
But there are some. Fowler, of  
New Jersey, and Greene, of Mas-  
sachusetts, are natives of Illinois.  
Perkins, of New York, was born in  
Wisconsin. Hearst, of New York,  
is a native of California.

The men who were born in the  
south and now represent northern  
constituents are Senator Hawley,  
of Connecticut, who was born in  
North Carolina; Senator Cullom,  
of Illinois, a native of Kentucky,  
a border state, however; Senator  
Newlands, of Nevada, a native of  
Mississippi; Speaker Cannon, of  
Illinois, and Representative Dixon,  
of Montana, and Shober, of  
New York, were born in North  
Carolina; Representative Marsh-  
shall of North Dakota, is a native  
of Missouri. West Virginia is  
not always counted a southern  
state, and the fact that her two  
senators are Ohio born scarcely  
makes the exception to the rule  
that few northern men are sent  
to congress from the south.

### THE RIGHT WAY TO WALK.

Preservation of a Good Figure De-  
pends to Some Extent on This  
—A New Theory.

A friend who leads a very active  
life has a theory that the preser-  
vation of a good figure depends to  
some extent on the manner of  
walking, says the Philadelphia  
Inquirer. Many people, she says,  
as they advance in years allow  
themselves to walk heavily and  
without elasticity, so that the  
whole weight rests on the lower  
part of the limbs at every step.  
The only effect of exercise being  
weariness of the legs and feet. In-  
stead of this his body should be  
held erect and poised so as to have  
a perfect balance; in this way the  
muscles are braced and strength-  
ened throughout, the lungs must  
of necessity be well expanded, and  
it seems quite reasonable to sup-  
pose that the tendency to increase  
of weight may be checked. At all  
events a lighter step and a brisker  
and more enjoyable manner of  
walking can be kept up, and that  
in itself is a very great gain.

#### Quite Romantic.

A romantic incident connected  
with the recent marriage of two  
popular young people of Bridgton,  
Me., has just come to light. It  
seems that in the very beginning  
of their courtship some six or  
seven years ago, during one of the  
young man's visits to the home  
of the young lady who finally be-  
came his wife, he chanced to take  
from his pocket a \$10 gold piece  
which the young lady got into her  
possession. He made a brief at-  
tempt to regain it, but gave it up  
and in a joking way said: "Keep  
it to pay the minister with."

The years went by and the gold-  
en eagle was entirely forgotten by  
the young man. On the day when  
the marriage ceremony was to  
take place, which was the opening  
of the present season, the bride-to-  
be produced the identical gold  
piece and the minister received it  
for his fee.—Kennebec Journal.

#### The Nile Valley.

The secret of the inexhaustible  
fertility of the Nile valley, which  
has long been credited to the an-  
nual deposit of silt from the over-  
flowing of the river, has been dis-  
covered by Mr. Fairchild, agricul-  
tural explorer of the United  
States government, to be the ni-  
trifying powers of the plant ber-  
seem. Berseem is a species of tri-  
folium, which has the power not  
only to consume saline and alkali-  
line properties in the land, but  
also to enrich it with nitrates.  
Something of a composite of alfalfa  
and clover, it is in every way  
more delicate in flavor and more  
succulent than either.

### THANKFUL PEOPLE.

They are Found in Every Part Of  
Hopkinsville.

Many citizens of Hopkinsville  
have good reason to be thankful for  
burdens lifted from aching backs,  
which they bore patiently for years.  
Scores tell about their experience  
publicly. Here's a case of it:

J. W. Tunks, of 312 West Seventh  
street, who is employed at M. C.  
Forbes' planing mill, says: "The  
condition of my health was such as  
to cause me a great deal of worry  
about my future. I had an almost  
constant aching across the small of  
my back and the kidney secretions  
were highly colored, excessive and  
irregular, in fact, the disorder was  
so pronounced that it had been said  
that it bordered on diabetes. I also  
suffered at this time with indiges-  
tion, which caused me a great deal  
of distress. At one time I was  
scarcely able to do any work at all  
for nearly a year. I doctored and  
tried various remedies but nothing  
did me any permanent good until I  
used Doan's Kidney Pills, which I  
procured at Thomas & Trabern's  
drug store, and by the time I had  
finished the box I found that they  
had brought about so decided an  
improvement in my condition as to  
convince me of their real worth, and  
I am more than thankful for the re-  
lief that I have received."

For sale by all dealers. Price  
50 cents. Foster-Milburn Co.,  
Buffalo, N. Y., sole agents for the  
United States.

#### That Tired Feeling!

If you are languid, depressed  
and incapable for work, it indicates  
that your liver is out of order.  
Herbine will assist nature to throw  
off headaches, rheumatism and ail-  
ments akin to nervousness and re-  
store the energies and vitality of  
sound and perfect health. J. J.  
Hubbard, Temple, Texas, writes,  
March 22, 1902: "I have used Her-  
bine for the past two years. It has  
done me more good than all the  
doctors. When I feel bad and have  
that tired feeling, I take a dose of  
Herbine. It is the best medicine  
ever made for chills and fever." 50  
cts a bottle. Sold by R. C. Hard-  
wick.

### NEW ORDER.

Salaries of R. F. D. Carriers  
Based On Miles Traveled.

Order Defining the Outside Bus-  
iness Carriers Will Be  
Allowed to Transact.

In future the salaries of rural  
free delivery mail carriers will be  
adjusted on the basis of the number  
of miles traveled.

The following statement regard-  
ing the outside business privileges  
of the mail carrier has been issued  
by the department, and an order  
there-with will be promulgated at  
once by the Postmaster-General:

"Under the law rural carriers  
are not permitted to solicit business  
or receive orders of any kind from  
any persons, firm or corporation,  
and cannot, during the hours of  
their employment, carry any mer-  
chandise for hire, except at the re-  
quest of patrons residing on their  
respective routes, providing the  
same shall not interfere with the  
proper discharge of their official  
duties, and under such regulations  
as the Postmaster-General may  
prescribe.

#### POSTAGE MUST BE PAID.

"Under this provision of law no  
mailable matter may be handled by  
rural carriers while serving their  
routes unless the proper postage  
has been prepaid, with the single  
exception of country newspapers,  
which under the law, are permitted  
to be carried free throughout the  
county in which they are published  
to actual subscribers, and such  
newspapers, addressed to subscrib-  
ers, residents on rural routes, must  
be deposited at the postoffice, the  
same as papers for other subscrib-  
ers.

The hire for merchandise carried  
on request of the patron of rural  
free delivery must be paid by the  
patron. Carriers will not be per-  
mitted to receive any compensation  
from the seller of such merchan-  
dise.

#### CAN'T LEAVE THEIR ROUTES.

Articles, or packages which are  
mailed, which are handed to the  
carrier or deposited in the post-  
office or in a rural letter box, or in  
a collection box located on a rural  
route, with request that the rural  
carrier deliver same, are subject to  
the rules regulating mail matter,  
including the payment of postage  
thereon.

Articles or packages that are not  
mailed, which the patron desires  
the rural carrier to carry, must be  
delivered to the carrier in person,  
and in carrying merchandise for  
hire rural carriers are not per-  
mitted to leave their routes as officially  
laid out, or to accept anything that  
will in any way delay the delivery  
of the mail, or in any way interfere  
with the efficiency of the service."

#### To Cede the Philippines.

St. Petersburg, June 6.—The  
Novoe Vremya to-day discusses  
quite seriously the report that the  
United States intends to cede the  
Philippine Islands to Japan, and  
argues that the far-seeing Yankee,  
anticipating the inevitable future  
conflict with Japan, prefers to sell  
the islands instead of defending  
them, having thereby learned  
Russia's lesson of the present war,  
namely, the difficulty of holding  
territory so far from the base.

#### AGE AND YOUTH.

Octogenarian Elopes With Sixteen  
Year-Old Girl.

## Kendrick-Runyon Tobacco Warehouse Co., Clarksville, - Tennessee.

We beg to inform planters and the trade generally that the  
QUEEN CITY TOBACCO WAREHOUSE

has been put in order, and with excellent facilities, again opens its doors  
for the sale of

LOOSE TOBACCO ON THE FLOOR.

Light Weights or in Hogheads, or as our friends may prefer to sell. We  
invite the patronage of the thousands of our friends, who so liberally  
patronized us the past season, and earnestly solicit a trial shipment  
from those who have not so favored us.

We Have Good Quarters for Teams and Drivers in the Warehouse.

That the marketing of Tobacco on the open markets by concentrating  
the demands, will bring better results to sellers, is self-evident truth.  
Public meetings, stenographers, typewriters and their offspring "Reso-  
lutions," cannot better conditions. But united determination on the  
part of planters to offer their Tobacco on open markets to the highest  
bidders will bring face to fact every known demand for Tobacco. Help  
us to sell your tobacco for good prices by patronizing open marke's.  
It stands planters in hand to think of this.
